SLAVE GALLEY

Below deck, living conditions are appalling. Like the dying conditions... Dozens of slaves, all white and all beautiful, are rowing in grueling shifts eighteen hours long. The other six hours they are at the mercy of the crew... The women are infidels and wives of infidels. The monotonous, unceasing drum marks the rhythm of the oars. It marks too the unending passing of time in the lawless world of the slave galley...

BOOM ... BOOM ... BOOM...

The girls' feet are in stinking stagnant water, their necks and wrists are in chains and they are constantly under the whip. They row to their last breath.

BOOM ... BOOM ... BOOM...

There is no rest for them... Out of the corner of their eyes they see Talgat's boots walking slowly up and down the narrow catwalk...

BOOM ... BOOM ... BOOM...

The crack of a whip, the scream of a woman, a hoarse laugh, the endless drum...

BOOM ... BOOM ... BOOM...

Rosanna is trembling. The man has stopped behind her. She can feel his eyes on her back. They boarded her ship just a few days earlier and carried her off. Since then she had been rowing naked and chained to the bench... She had not been raped yet.
